To Whom It May Concern

Our company, as the landlord of exclusive premises coming from XVII century in Vilnius Old Town, has been working with “Newsec/Re&Solution” for several years. For us it is clear they value their clients and meaningful relationships that deliver value.

In 2010 “Newsec/Re&Solution” were successful at finding high quality tenants for our extraordinary premises and easily handled our needs. We were satisfied with the service of “Newsec/Re&Solution” - truthful and "upfront" with us about the leasing out our premises process.

The agent was very nice and helpful. He called and checked back with us many times.

What we like best about “Newsec/Re&Solution” - they don't promise things they can't fulfil.

Respectfully,

Assistant Manager
